AN INTERCULTURAL EXPERIENCE FOR SOLVING YOUTH UNEMPLOYMENT

Participant Countries

- ITALY
- ROMANIA
- SWEDEN

Youths from Sweden, Italy, Romania and Turkey have decided to meet in one of the most beautiful country in the world because of its landscapes, friendly people, good weather and a very interesting history. Vibo Marina is there host for a week. They want to combine their ideas and find the job of their dreams. They visited some factories (tuna factory, salad factory) near by and discovered all the process for the final product. Every day started with a different energizer which made the participants know each other better. There were games like: the Viking, I love you but I can't smile, say her/his name. Also they found out more about Erasmus +, some new rules and what they can learning this program: a little of math, something about other cultures, they can improve their English or other foreign languages, they get to visit other places and the most important fact, they make new friends.

KNOWLEDGE OF THE LOCAL INDUSTRY

The activity which the participants found interesting and helpful was the “Meet the worker.” which meant visiting a series of local factories: Mare Nostra, C.O.F, SERRA and Callipo, and an ice-cream factory.

"Meet the worker" activity helped the youngsters to discover different fields for working, to develop their abilities, and why not, to develop their own businesses.

“Something smells fishy” – Mare Nostro tuna factory

Mare Nostro is a local business that spreads the name of the region Vibo Valentia up to Japan.

The local brands “Callipo ice-cream factory” and “Mare Nostro – tuna fish factory” which started as a family business type are an inspiration to the youngsters who aspire to become entrepreneurs.

Green as it's get''- C.O.F Factory

C.O.F factory is one of the biggest factory from the area of Vibo Valentia with 40 people working there. The factory produces 4 types of salad: "Lettus salad", "Carrot Salad", "Mixed Classic Salad", "Mixed Classic Salad" without chicory.

Magic seed- visit to the SERRA

This visit was helpful for the youngsters who aspire to work in the agriculture because they found out a lot of information related to crop growing, saw another succesfull example of entrepreneurship and tasted delicious Italian cupcakes.

MEET THE EXPERT

Meet the expert

The participants at the Dream's factory exchange had the opportunity to meet Pino Garrì a representative of the union workers "CISL Pensionati" the organization which defends the workers rights.

During the meeting they found out more about the work situation in Calabria, the new trends on the labor market, and about the jobs of the future.

STEREOTYPES & HARDNESS FOR THE YOUTH ON THE EUROPEAN LABOR MARKET

"The stereotypes was an important moment for this trip because of the cultural differences between the countries. We could see many similar problems that still have not changed unfortunately. We could see on many eyes that when they come back home they will fight for their rights. So this lesson was very important maybe the most important for the whole trip".
